Charging the headset

This headset has a rechargeable internal battery which is non-removable. Ensure that you fully charge the battery before using the headset for the first time.

- 1 Put the travel adapter into the adapter jack and into a power outlet.

- 2 Disconnect the travel adapter from the power outlet and the headset when the indicator light changes to blue.

Your headset overview

NOTE:

Make sure you have the following items with your headset :
Charger, User's Guide.
The items supplied with your headset may vary depending on your region.

NOTE:

- Use only a Samsung-approved travel adapter. Unauthorized adapters may cause an explosion or damage to the headset.
- The battery will gradually wear out while charging or discharging because it is a consumable part.
- The headset is not able to operate while charging. Try connecting after charging is completed.

Wearing the headset
